

## Our sewerage system is a well-maintained patchwork quilt

### P.O.V STATEMENT

#### STAKEHOLDER

Construction  
Comune  
Urban Planners  
Tennants and House

#### INDUSTRY SECTOR

Infrastructior

<https://pixabay.com/de/kanalisation-abwasser-abwasserrohr-253719/>

#### SIGNIFICANCE OF ISSUE

Holes, frost damages etc. result in a 20% loss of the water in the sewage systems. These 20% get into the groundwater and lead to pollution. Money needs to be invested in the refurbishment, otherwise it will be critical in the long term.
